

## Barry: 'Doubt, Dismay Rising Across Nation'

HARLINGEN, Tex. (AP) — Sen. Barry Goldwater said today there is "a rising tide of doubt and dismay... all across the land" concerning the presidency and charged President Johnson is "shadowed by suspicions which no amount of hand-shaking and hurrah can chase away."

The Republican presidential nominee said Johnson's "great and good friend, Bobby Baker has been exposed as a manipulator of high office," and the President's "name and office is linked with that of a convicted criminal, Billie Sol Estes."

Goldwater swung into south Texas for a day of campaigning after two days before large, enthusiastic crowds as he moved back and forth across the Midwest farm belt and on to the edge of the Rocky Mountains for a rally Wednesday night in Denver.

### Attacks Baker Case

In a speech prepared for his first Texas stop in Harlingen, Goldwater returned to the attack on the Bobby Baker case — the issue he said hurts Johnson most. He paired this with the Billie Sol Estes affair.

Estes, a Pecos, Tex., financier, has twice been convicted for fraud.

The Arizona senator said the President "must be using every power of his great office, right now, yesterday and tomorrow, to cover up one of the sorriest rumors we have had in the nation's capital."

In response to a question before he delivered the speech, Goldwater said he meant rumors about Bobby Baker's ties with the White House.

In his campaigning, Goldwater said he had found something troubling the people of America.

### Scandal Talk

He added: "The people have looked at the White House and have found it dark with scandal. The latest Bobby Baker investigation has been called off until after election. The latest report on Billie Sol Estes has been a whitewash."

But Goldwater said Bobby Baker couldn't "be brushed aside as a factor in the election" and "men and women all over America know that Billie Sol Estes was a friend of the man who now occupies the White House and that he dealt with the principal assistants of the man who now occupies the White House."

The Arizona senator added that, "his assistants who dealt with his friends, Billie Sol and Bobby B., are protected behind a whitewash curtain in the White House itself."

He said Americans "seek many different things from a president in a political sense — but morality is another thing. Americans expect every president, regardless of his promises and his programs, to at least talk straight and act straight."

"There can be no substitute for honesty in public office," Goldwater said, adding that this "was the issue that is eating at the integrity of the highest office in the land."

The Arizona senator swung from Milwaukee to the Rockies Wednesday, slamming at the Eobby Baker case and calling for taking away the great concentration of power in Washington.

## L B J Aide Quits After Arrest On Morals Charges

WASHINGTON (AP) — Walter W. Jenkins, a top assistant to President Johnson for 20 years, was arrested at the Washington YMCA on morals charges in 1959 and again last week, police records show. The White House has announced his resignation.

A soft-spoken Texan who was an Army major in World War II, Jenkins, 46, and the father of six, has been associated with the President since Johnson was a congressman. His resignation was announced in New York where the President was campaigning Wednesday night.

Records of the police morals division showed that Jenkins was arrested five years ago on a charge of "disorderly conduct (pervert)" and on Oct. 7 this year on a charge of "disorderly (indecent gestures)." He forfeited collateral in both cases.

The Jenkins development may carry political implications as the presidential campaign heads into its stretch run.

Aides traveling with Sen. Barry Goldwater, the Republican candidate for president, declined to comment immediately. But in Washington, Clinton White, chairman of the Citizens Committee for Goldwater-Miller, said in a statement "the effects upon America both nationally and internationally can only be surmised at this time."

And, before the Jenkins resignation was announced, Dean Burch, Republican national chairman, issued a statement that charged "the White House is desperately trying to suppress a major news story affecting the national security."

Later, in New York, a White House aide was asked if Jenkins had sat in on meetings of the sensitive National Security Council. "I'd have to rely on memory in a case like this," he said. "I'd not want to rely on memory."

Jenkins' resignation and appointment of Bill D. Moyers, another White House aide, to take his place were announced by George Reedy, White House press secretary, at a news conference in the Waldorf-Astoria Hotel. Johnson was at the hotel to address the Alfred E. Smith Memorial Foundation dinner.

## Controversial Fighter Shown

FORT WORTH, Tex. (AP) — The Air Force unveiled today the supersonic F111, a sleek fighter plane designed during the heat of industrial competition and assembled amid a Senate investigation.

Known familiarly as the TFX, the F111 emerges now as a political issue in a stormy presidential election year.

The aircraft made its debut in a brief ceremony at General Dynamics' huge Fort Worth plant.

General Dynamics Corp. joined Grumman Aircraft Engineering Corp. in pursuing the coveted contract, worth eventually in the neighborhood of \$6.5 billion.

Secretary of Defense Robert S. McNamara hailed the F111 as the "greatest single step forward in combat aircraft to occur in several decades."

McNamara attended the unveiling of the plane he defended

The announcement that Jenkins had resigned was made a few hours after he was hospitalized in Washington with what was described as "extreme fatigue."

Dr. Charles Thompson, the physician who sent Jenkins to the hospital, told The Associated Press his patient was suffering from "insomnia, tensions and agitation," that he was "just worn out" from pressures that built up since Johnson became President.

At the FBI a spokesman declined comment when asked if Jenkins' 1959 arrest was noted during the security check that is customarily made of White House personnel.

An \$18,600-a-year administrative assistant to Johnson when he was vice president, Jenkins was named to the White House staff late last year, soon after Johnson succeeded the assassinated John F. Kennedy as President. His White House salary is estimated at \$22,500 to \$25,000.

This year Jenkins' name cropped up several times in the Senate Rules Committee's investigation into the affairs of Bobby Baker, resigned secretary to the Senate Democrats.

Republicans demanded that Jenkins be called to testify on allegations that at his suggestion Don B. Reynolds, a local insurance man, purchased advertising time on the Johnson family's Austin, Tex., television station in 1957 after selling Johnson life insurance.

Jenkins denied in a sworn statement that he knew anything about the arrangements for Reynolds' purchase of the advertising time — advertising time Reynolds said he did not need.

The Senate Rules Committee, which is 6 to 3 Democratic, voted that way not to call Jenkins to testify.

A native of Jolly, Tex., Jenkins was a senior at the University of Texas when then Congressman Johnson offered him a job.

While in the Army, Jenkins married the former Marjorie Whitehill. They have two daughters and four sons, aged 3 to 17.

against congressional opposition.

Featuring a variable-sweep wing, the F111 grew from a search for one fighter plane that would satisfy requirements of both the Air Force and the Navy.

The multipurpose, all-weather tactical fighter has a top speed two and one-half times the speed of sound or 1,655 miles per hour. The two-man craft is capable of supersonic speed at sea level as well as high altitudes, and landing at speeds under 150 m.p.h.

The F111 will be able to change its wings in flight from the virtually straight position to the sharply swept position.

Its maximum operating ceiling is about 60,000 feet and its minimum operating altitude under 500 feet.

Military men call it "trans-oceanic" — capable of flying anywhere in the world within one day. It contains in-flight refueling capabilities.

## Store Chain In New Try For Drug License

LANSING (AP) — In a 2-year-old fight to win a pharmacy license, SuperRx Drug Stores—temporarily stalled in federal court—went back to the Michigan Supreme Court Wednesday.

It asked the court to affirm that its Dec. 5, 1963, decision holding that SuperRx is entitled to a license for its Battle Creek pharmacy settles the matter once and for all.

Complicating the matter is the supreme court's 4-4 tie vote Feb. 3 which denied the State Pharmacy Board's motion for a rehearing.

Following that, SuperRx went to the U.S. District Court in Grand Rapids, contending its rights under the 14th Amendment had been denied by "arbitrary and discriminatory application of the Michigan pharmacy laws."

ATLANTA, Ga. (AP) — Congratulations and tributes poured in today for Dr. Martin Luther King Jr., winner of the 1964 Nobel Peace Prize. A few segregationists expressed scorn at the choice of the Negro civil rights leader.

Telegrams flooded King's room at St. Joseph's Infirmary in Atlanta, where he is undergoing a routine physical checkup. "This is an extremely moving moment in my life," said the 35-year-old integration leader, the youngest winner since the award was first made in 1901.

Among the first to send congratulations was U.N. Undersecretary Ralph J. Bunche, the only other American Negro to receive the peace prize.

Bunche, who won the prize in 1950 for negotiating the Palestine armistice, said the award to King was "a striking international recognition of the cause and struggle of the American

## Gubernatorial Foes Focus On Detroit Area

By The Associated Press

Republican Gov. George Romney and his Democratic rival Neil Staebler devoted their attention to the Detroit area again Wednesday, working against a Nov. 3 deadline in their quest for votes.

Romney, in a speech at a GOP headquarters, said Staebler "either put Michigan back in debt or have to raise taxes" if he, as governor, made good a campaign suggestion to finance construction by selling bonds.

Romney, who seldom mentions Staebler in his campaign, hit the congressman hard Wednesday. He also termed improvements in state disability compensation laws "a must at the next (legislative) session."

### Program Outlined

Staebler, meanwhile, outlined his position on government-sponsored medical care programs in a talk to representatives of the Wayne County Medical Society.

"I have pledged myself to oppose any insurance plan that would provide medical benefits for people who are still working," he said. "The way to avoid the welfare state is to make people pay for benefits whenever they can."

Staebler said the Democrats' program "is to give more people more income so that they can pay for the services they need and not rely on the government."

### Business First

Romney's schedule for today called for a halt in his campaign to catch up on official business. But he was to attend a Southfield Business Men's Dinner in the evening after officiating at the opening of the Detroit Red Wings first hockey game.

Staebler was to remain in southeastern Michigan, touring plants and shaking hands, visiting the Riverview Municipal Building, joining a Cobo Hall receiving line for U.S. Sen. D-Ind., and stopping off at several Detroit area shopping centers.

The congressman planned a short speech at a dinner in Southgate before spending his second consecutive night in Detroit.

### Host In Jackson

Democratic U.S. Sen. Philip Hart, meanwhile, carried his re-election campaign to the Jackson area, praising his party's labor legislation record at a speech to United Auto Workers Local 666.

"We Democrats don't have to worry about talking too much about our labor record," Hart said. "We've got so many good things to say we don't have to be afraid of over-exposure. I'm afraid our opposition isn't so well off."

But he contrasted his position with GOP presidential contender Barry Goldwater rather than that of Mrs. Eilly Peterson, the Republican campaigning for his Senate seat.

Hart planned to campaign in the Calhoun County area today, with stops at an iron works, a Negro reception, a luncheon at Albion College, a school assembly at Marshall High School, a news conference at Battle Creek, and a Calhoun County Democratic Dinner.

## L B J Stumps For Kennedy In N.Y. Senate Contest

NEW YORK (AP) — President Johnson took Robert F. Kennedy in tow today in an effort to boost the former attorney general's chances of winning a Senate seat from New York.

Obviously satisfied with his own political prospects in the Empire State, Johnson planned to share day-long campaigning with Kennedy.

Kennedy will be with Johnson when the President makes a flying swing into Upstate New York for speeches in Rochester and Buffalo.

Then, back in New York City, the schedule calls for a motorcade with Johnson and Kennedy in sections of Brooklyn with heavy Jewish and Italian populations.

And at night, Johnson and Kennedy will be together again when the President speaks before a Madison Square Garden rally of the New York Liberal party.

### Expect Hard Fight

Even Kennedy's most active supporters concede that he faces a tough fight in his efforts to unseat Sen. Kenneth B. Keating, R-N.Y., in the November election.

Keating supporters insist the incumbent is ahead at present.

Kennedy and his wife, Ethel, who is expecting her ninth child in November, were at LaGuardia Airport Wednesday when Johnson arrived after speeches

## 39 Injured By Hurricane In Florida

MIAMI, Fla. (AP) — Hurricane Isbell, crossing up the Weather Bureau, swung today into a broad turn that aimed her 100-mile winds at the North Carolina coast.

An advisory at 8 a.m. EST said the hurricane was expected to make a right turn away from land. But an hour and a half later, Isbell had swung instead to the left.

A still bigger turn then was forecast and North Carolina residents were warned that hurricane force winds and high tides probably will reach the coast this afternoon.

Gale warnings and a hurricane watch were issued from Charleston, S.C. northward through North Carolina.

Isbell was centered about 240 miles east of Brunswick, Ga., and moving straight north at 25 miles an hour. Earlier, it had been moving north-northeast.

The hurricane moved into the Atlantic after a fast Florida crossing that spared the state the devastation Isbell brought to Cuba. But she gave birth to tornadoes that injured 39 persons in Florida.

At least six and possibly more tornadoes whipped out of the leading edge of the small but vicious storm, demolishing house trailers, unroofing homes and other buildings in several communities.

The hurricane went out to sea after passing just north of Palm Beach, famed winter playground of the wealthy, leaving the city largely without electricity and its streets littered with debris.

But Isbell brought nothing to Florida to compare with the devastation she left behind in Cuba, where four died, hundreds of homes were destroyed, thousands evacuated from flooded lowlands and crops ruined.

### Houses Destroyed

The worst of the tornadoes whirled out of the Atlantic and ripped through Boynton Beach, a coastal city of 14,000, destroying about 20 house trailers and injuring at least 22 persons. Seventeen persons were hurt at Eau Gallie when a tornado demolished a dozen house trailers, lifted the roof off a church during services and blew a house across a road.

The twister ripped through the town of about 19,000 while the center of the hurricane was about 80 miles down the coast near Palm Beach.

Small twisters dipped also into Coral Gables, a Miami suburb, Forest Hills Village, a Palm Beach suburb, Hobe Sound, a residential island north of Palm Beach, and Loxahatchee, south of Lake Okechobee.

## Russian Press Delays Issue As World Wonders

MOSCOW (AP) — Strong rumors, supported by a number of signs, swept Moscow tonight that a change at the top of the Soviet government might be imminent.

Premier Khrushchev, 70, has not been mentioned publicly for two days. He was missing today from a luncheon attended by every other top leader of the Soviet Communist party.

Most prominent among those other leaders recently has been Leonid Brezhnev, whom Khrushchev removed from the figurehead job of Soviet president last July to take a more important job in the party. Khrushchev is first secretary of the party as well as premier.

### Delay Issue

The government paper Izvestia, which usually publishes in the evening, delayed its appearance until Friday morning. It will coincide with publication of the Communist party paper Pravda.

Such simultaneous publication is the traditional way of making announcements of supreme importance here.

A collection of black limousines was noted today outside the headquarters of the party's Central Committee, indicating a major meeting.

Unconfirmed reports earlier said Premier Khrushchev had returned to Moscow from a vacation on the Black Sea, but he was not listed among those attending a Kremlin luncheon for the visiting president of Cuba, Osvaldo Dorticos Torrado.

Every other active member of the Soviet Communist Presidium and Secretariat attended the lunch.

### CHANGE FORECAST

LONDON (AP) — The London Evening News said tonight big changes are imminent in the Soviet government and that these changes could affect Premier Khrushchev himself.

In a dispatch from Moscow, an Evening News correspondent said the speculation was heightened by "three mysteries surrounding the Russian leader."

First is the fact that Khrushchev's portrait is missing from its place in Red Square where the three latest Soviet astronauts are being welcomed Friday.

Second, said the News, President Osvaldo Dorticos Torrado of Cuba, who arrived in Moscow Wednesday for a state visit, has not yet met Khrushchev.

The third factor is lack of mention of Khrushchev by the Soviet press and radio over the past two days.

## Ike Turns 74, Hits Vote Trail

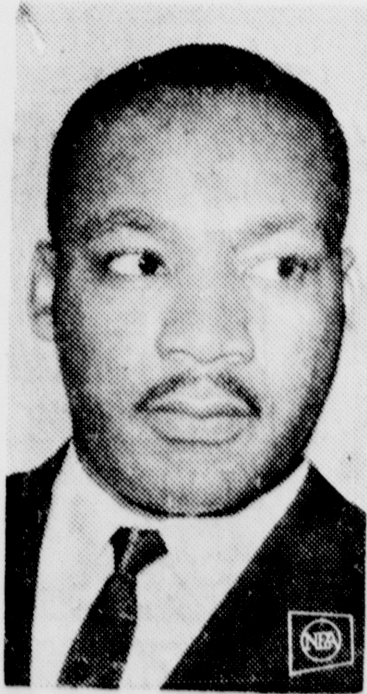

COLUMBUS, Ohio (AP) — Former President Dwight D. Eisenhower, hitting the political hustings on the day after his 74th birthday, asked today "that Ohio vote Republican, all the way, in every contest on the ballot."

In notes prepared for a speech to a Republican rally at Veterans Memorial Auditorium, Eisenhower said "Republicans are pledged to sound and progressive government, searching out modern solutions for modern problems."

And he said attacks on GOP defense, foreign and domestic policies were "tommy rot."

The former president commented that Ohio had supported Republican presidential candidates in 1952, 1956 and 1960 and that "it will do the nation great good to learn that Ohio has once again voted for a Republican president — for Barry Goldwater."

That was Eisenhower's only mention of the GOP presidential candidate in his prepared remarks.

## Mich-Con Plans Gas line Start

Michigan Consolidated Gas Co., Detroit, is preparing to start construction in the spring of 1965 of a natural gas pipeline to serve this area of the Upper Peninsula — if the Federal Power Commission approves the project.

Fred H. McIntire, vice president, sales, of Michigan Consolidated, noted that "a giant step" has been taken to bring natural gas closer to this U.P. area with approval of the firm's application by the Michigan Public Service Commission.

An appropriate application has been filed by Michigan Consolidated with the Federal Power Commission and several con-

ferences have been held with FPC by officials of the firm, so that questions concerning the proposed project could be cleared up.

"We hope for an early hearing and firmly believe that on the basis of the facts, the Federal Power Commission can come to only one conclusion," McIntire reports. "We believe it will be the same conclusion as that reached by the Michigan Public Service Commission; which was, that our project is in the public interest and should be approved."

"We in Michigan Consolidated are going forward with preparations which will make it possible for construction of this project to start early in the spring of 1965; if prompt approval, which we certainly expect, is received from the FPC," McIntire continued.

"At the present time we have survey teams in the Upper Peninsula who are selecting and surveying the exact route which the line will follow. Before the Upper Peninsula is permanently covered with snow for the winter, we will have contractors, who are qualified to handle the type of construction involved, inspect the route of the line in order that they will be able, later this winter, to bid on the construction."

"Our right of way crews are determining the identity of the landowners across whose property the line will pass, in order that they can start acquiring the needed right of way as soon as Federal Power Commission approval is received," McIntire added.

"With these preparations we certainly expect that by the latter part of the summer of 1965, we will have gas service available in all of the communities which we have proposed to serve," he concluded.

Michigan Consolidated proposes to construct a natural gas pipeline from Menominee to Powers-Spalding and thence to Escanaba, Gladstone and Rapid River.

## Fishing Rules Decision Today

LANSING (AP) — The Michigan Conservation Commission was expected to take action on 1965 fishing regulations at its October meeting which opened today at East Tawas.

The commission planned to review a number of proposed changes in the fly-only restrictions on branches of the Au Sable River.

Also scheduled for the meeting was presentation of the conservation department's proposed 1965 budget, but no commission action on it was anticipated.

## Traffic Control Workshop Held

A workshop was conducted by the Michigan State Highway Department Wednesday in the State Office Building. The workshop, one of a series of such meetings around the state, was part of a program to introduce the new Michigan Manual of Uniform Traffic Control Devices and promote uniformity in signs, signals, pavement markings and all traffic control devices on Michigan highways.

Attending the meeting were traffic officials from Munising, Menominee, Marquette, and Escanaba and county road commissions in the central Upper Peninsula.

The support of these local traffic officials, which includes county road superintendents and engineers, city and village managers and engineers, and city and village police officers, is necessary for the ultimate goal of uniform highway signs, signals, and markings on all highways.

Talks were given on traffic control uniformity by District Traffic Engineers William F. Savage of Crystal Falls and Larry V. Suboski of Newberry; Joseph Hobria and Harold Frier of the Highway Department from Lansing, by Cpl. James Somers of the Traffic and Safety Bureau of the Michigan State Police from Marquette, and by H. J. Ollila of the Bureau of Public Roads of the U.S. Commerce Department.

The program included discussions by the local officials of the problems involved in financing, installing, and maintaining traffic devices on streets and highways.

## Profit Sharing Survival Hangs On Quick Move

DETROIT (AP) — American Motors Corp. and United Auto Workers Union negotiators unexpectedly recessed today as they debated the fate of the auto industry's only profit sharing plan under the threat of a midnight strike deadline.

The two sides scheduled a return to the main bargaining table at 2 p.m. (EST), only 10 hours ahead of the strike deadline.

In the meantime, subcommittees worked on local level agreements, which supplement the national package.

Keeping profit sharing was "the single most important question" as AMC and UAW bargainers met, said Douglas Fraser, head of the union's American Motors department.

Vote Continuance

The 52-member UAW negotiating committee voted Wednesday night to negotiate continuance of the unique plan won by the UAW in 1961 or call 25,000 AMC production workers off the job. The vote was "over two to one," Fraser said.

On virtually all other major issues, the UAW and AMC were reported in agreement.

AMC Vice President Edward L. Chushman declared he was "shocked and amazed that the union would strike to continue progress-sharing on their terms."

The union wants profit sharing, American Motors said, on top of an economic package equal to those the UAW won previously at General Motors Corp., Ford Motor Co. and Chrysler Corp.

Offer Equal Package

AMC has offered to equal the package estimated worth 54 cents an hour per worker over the three-year period of the contract at the Big Three. It includes early retirement incentives, longer vacations, expanded health and insurance provisions and wage increases.

AMC said the union turned down a proposal that it agree to pass up the so-called annual improvement factor in wages, if necessary, to provide a cushion for any year there were no profits.

The company proposal also called for risking possible wage gains against the chance that the workers' share of profits wasn't enough to pay for bigger pensions, increasing insurance benefits and earlier retirement.

## Altar Society Of St. John's Plans Activities

GARDEN — A meeting of the Altar Society was held at the St. John Hall Tuesday evening. Completion of plans for the Festival smorgasbord dinner Sunday, Oct. 18, were made with Friday night designated to ready the hall for Sunday.

It was announced that Forty Hour Devotions will be held in the parish Oct. 31 and Nov. 1. Plans were made for a dinner which will be served visiting clergy at 7 p.m. Nov. 1 at the St. John Hall at the close of the devotions.

Sister Mary Monica requested a volunteer to assist with the catechetical class Tuesday morning. Parishioners who are meeting every evening at 7 at St. John's Church for October rosary devotions extended an invitation to others to join them.

Fr. James Donnelly reported on the Wednesday noon instruction period and participation of the children of the parish in a "dry Mass." Detailed explanations of the portable altar, new missal and Mass cards and the new procedures are being given in preparation for the Mass of Participation in English which will be introduced into liturgical rites Nov. 29, the first Sunday of Advent.

Sacred Heart Circle members were hostesses for the social hour and refreshments following the meeting.

# Delta's Demos Seek Payoff On Voter Registry

Delta County Democrats are up to their necks in an active election campaign in a county where they have turned out a majority vote for decades and planning a traditional climactic closing women's luncheon in St. Joseph Church Hall on Saturday noon, Oct. 31 with former Gov. John B. Swainson and lieutenant governor nominee Robert Derengoski and congressional nominee Raymond Clevenger as speakers.

County Democratic Chairman Robert Olsen said 800 women are expected for the luncheon. They are party workers who have made phone calls, stuffed envelopes with campaign literature, etc., and their guests.

The Democrats have a full ticket in the national election Nov. 3 while the Republicans offer only one candidate — for county treasurer — on the county ticket. The incumbent Democratic prosecutor, sheriff and clerk are unopposed.

The Democrats, while conducting an active campaign of candidate introduction in the county, have made a registration of voters their greatest organized project.

**1500 Registered**

An intensive month campaign produced about 1,500 new and renewed voter registrations in Delta County. Newspaper advertisements and women's committee work helped the effort and two deputies worked door-to-door to get people to register who couldn't get to the clerk's office. The townships were also active in the registration drive.

Young Democrats reported by Olsen to number 153 have copied the entire registration lists in Escanaba, Gladstone and most of the 14 townships in Delta County and volunteer workers are now identifying party members on the lists for election day phone calls to urge them to vote for "LBJ and Phillip A." (Hart)

All regular party contributors have been contacted (politically this is more like jujitsu arm twisting than Christmas alms) and the Young Democrats are starting a door-to-door Dollars For Democrats campaign this week. The campaign is raising funds for Co. Committee, and for the campaigns of gubernatorial nominee Neil Staebler, Senator Philip Hart and congress nominee Clevenger at the same time.

## Homecoming Plans Listed

Holy Name High School will celebrate Homecoming this weekend as the Crusader football team plays host to Preble at the Escanaba Athletic Field gridiron Saturday afternoon.

Candidates for Homecoming queen are Mary Buckbee, Sharon Curran, Jane Seymour, Rose Villeneuve and Ann Vinette.

The queen will be crowned at a school assembly Friday by co-captains of the football team, Frank Trotter and Eugene Fregotto.

Each day this week has been designated for special activities: Monday was Crusader Button day, Tuesday Homeroom Door day, Wednesday Decorated Hat day, Thursday Honor the Coach day, Friday Go Team Go Vest day.

Holy Name homerooms are making floats for the parade which will begin Friday at 7:30 p.m. The parade will form at the House of Ludington, moving west on Ludington Street to 22nd where it will turn to wind up at the school for a bonfire pep session. The floats will be judged during the parade.

Halftime activities at the game will include showing of the winning floats.

The Homecoming dance, sponsored by the senior class, will be held from 8 to 11:30 p.m. in the multipurpose room. Dress will be semi-formal and music will be furnished by the Nomads.

## Jones To Manage Helicopter Plant

R. J. Enstrom Corp. announced today the appointment of L. E. Jones of Menominee as general manager. Jones, a successful business man with a broad background in engineering and manufacturing, will direct the company as it expands into the manufacturing phases of its program.

Currently the Enstrom Corp. is conducting the remaining tests required for final technical assessment of design features of the company's F-28 3-place helicopter. These tests, are currently well in hand and completion is scheduled for late this year.

"Firm commitments in the form of orders in hand or options indicate that the first year's production is substantially sold, and this addition to our management staff is made to permit effective transition from the development phase to the actual production," said President Jack Christensen.

Jones heads the L. E. Jones Co. of Menominee, manufacturers of precision components for the automotive and aviation industries.

SISTER MARY Petronia, head of the Math Department of Mount Mary College, Milwaukee, addressed parents of the St. Joseph Home & School Association Wednesday night on the new movement in mathematics teaching as a system of thinking: with approach by way of discovery and investigation. The core of the new math, she said, is to give understanding of what is done, and why. ## National Guard Bans Liquor In State Armories

LANSING (AP)—A strict order against liquor in National Guard armories was issued Wednesday following a land-liquor-money scandal that led to the dismissal of three top National Guard officers.

Maj. Gen. Ronald McDonald, state adjutant general, and two

other top guard officers were removed by Gov. George Romney following a report that — among other items — liquor flowed freely in guard armories and at Camp Grayling during restrict hours.

The general order was issued by Maj. Gen. Cecil Simmons, chief of staff. It was ordered posted on all bulletin boards as permanent material. It was noted the order was extracted from the general military laws of Michigan.

## Congress' Record

The 88th Congress, rejecting a proposal that it recess until after the Nov. 3 election, adjourned to free its members for the campaign and they're now putting the best complexion possible on their roles in the two sessions.

The 88th authorized spending of more than \$200 billion, the first Congress ever to reach that figure, even in wartime. It was a productive Congress, which dawdled with the legislative program of President Kennedy and then rushed through major legislation under President Johnson, much of it initiated by Mr. Kennedy, but some the work of Mr. Johnson.

The latter's push for inclusion of medicare within the Social Security program was beaten and in the process a generally-favored move to increase Social Security benefits \$7 monthly for 20 millions was killed.

The President's proposal of a billion dollars to rejuvenate the 11 state Appalachia area in southeastern United States was defeated.

A resolution delaying the redistricting of state legislatures ordered by the U.S. Supreme Court was defeated, probably to the delight of the White House.

Also pleasing to the Administration and cited by it as gains were the \$11½ billion federal income tax cut, largest ever enacted to spur the economy; the set aside of some 9 million acres of wilderness for future recreation and conservation (preserving Congress' authority over land acquisitions), the civil rights law, most comprehensive in history; the War on Poverty program, the pay increase for federal workers, a program to train workers displaced by automation; federal grants to institutions of higher learning, and extension of the food stamp plan.

To get rid of the skunk in the schoolhouse smell left by the Bobby Baker case a commission was created to study the whole area of government ethics for a couple of years. This is sweeping a scandal under a rug but it seems just too much to expect the Senate to criticize itself or its agents.

The broad trend of legislation was toward more federal services and regulation of liberties and the economy—hence the increased budget—and more takeover of responsibilities which have been regarded in the past as within the jurisdiction of the states. The aid to urban mass transit is an example of the trend.

President Johnson's success with Congress in so much legislation is attributed to reaction to the assassination of President Kennedy, the presidential election year, and to Lyndon Johnson's formidable way with Congress, a talent much praised and somewhat suspected.

## Watch California

There are three reasons why the rest of the country will keep an eye on the voting in California next month and one of them isn't a close presidential election.

By way of the initiative process, in which a petition signed by a certain number of voters can place an issue on the ballot, three amendments to the state constitution have been proposed. Each of them could have repercussions beyond the borders of California.

● Proposition 14, backed by real estate interests, would forbid the state or any subdivision or agency of the state from interfering with the "absolute discretion" of an individual to sell, rent or lease — or refuse to sell, rent or lease — his property to anybody he chooses.

The measure is a direct reaction — a backlash, if you will — against a fair housing law that barely passed the last legislature.

● Proposition 15, initiated by movie theater owners, would outlaw subscription television in the home as "contrary to public policy" while allowing it in theaters.

Opponents of the proposal argue that the decision for or against pay-TV should be made in the market place by the free-enterprise method. If passed, this amendment would mean that it is possible for one business to have a competitor outlawed.

● Proposition 16 would give a private monopoly control over a proposed state lottery and would permit its promoters to rake off up to \$100 million a year from the proceeds.

This would be almost 20 times the total amount wagered in New Hampshire's state-controlled sweepstakes.

## The Doctor Says:

### Adults Have Ache Too

By Dr. Wayne G. Brandstadt

Q—Ever since I can remember I've had pimples on my face. When I was in my teens my doctor said they would disappear after I married and had children. Now I am 23 and have three children but I still have acne. What can I do for it?

A—Some adults continue to have acne—especially if they squeeze their pimples and blackheads. A very oily skin will cause acne to persist in some persons; in others the causes may be from taking bromides or using iodized salt. You should omit fatty foods, chocolate, and nuts from your diet. A recent study showed that taking the antibiotic, tetracycline, cleared up the acne in 36 of 38 persons whose average age was 20 years. They had to take the drug for a year or more to achieve this result however. It requires a physician's prescription.

Q—I have heart trouble and I was taking digitalis every other day. Now my doctor has me taking Lanoxin and I feel much better. How does this medicine differ from digitalis?

A—Digoxin (Lanoxin) is a derivative of digitalis but, because it is a purified extract, it works more promptly than digitalis and is preferred by many doctors.

Q—What is the cause of cancer of the face? What precautions can be taken to prevent my face. When I was in my teens my doctor said they would disappear after I married and had children. Now I am 23 and have three children but I still have acne. What can I do for it?

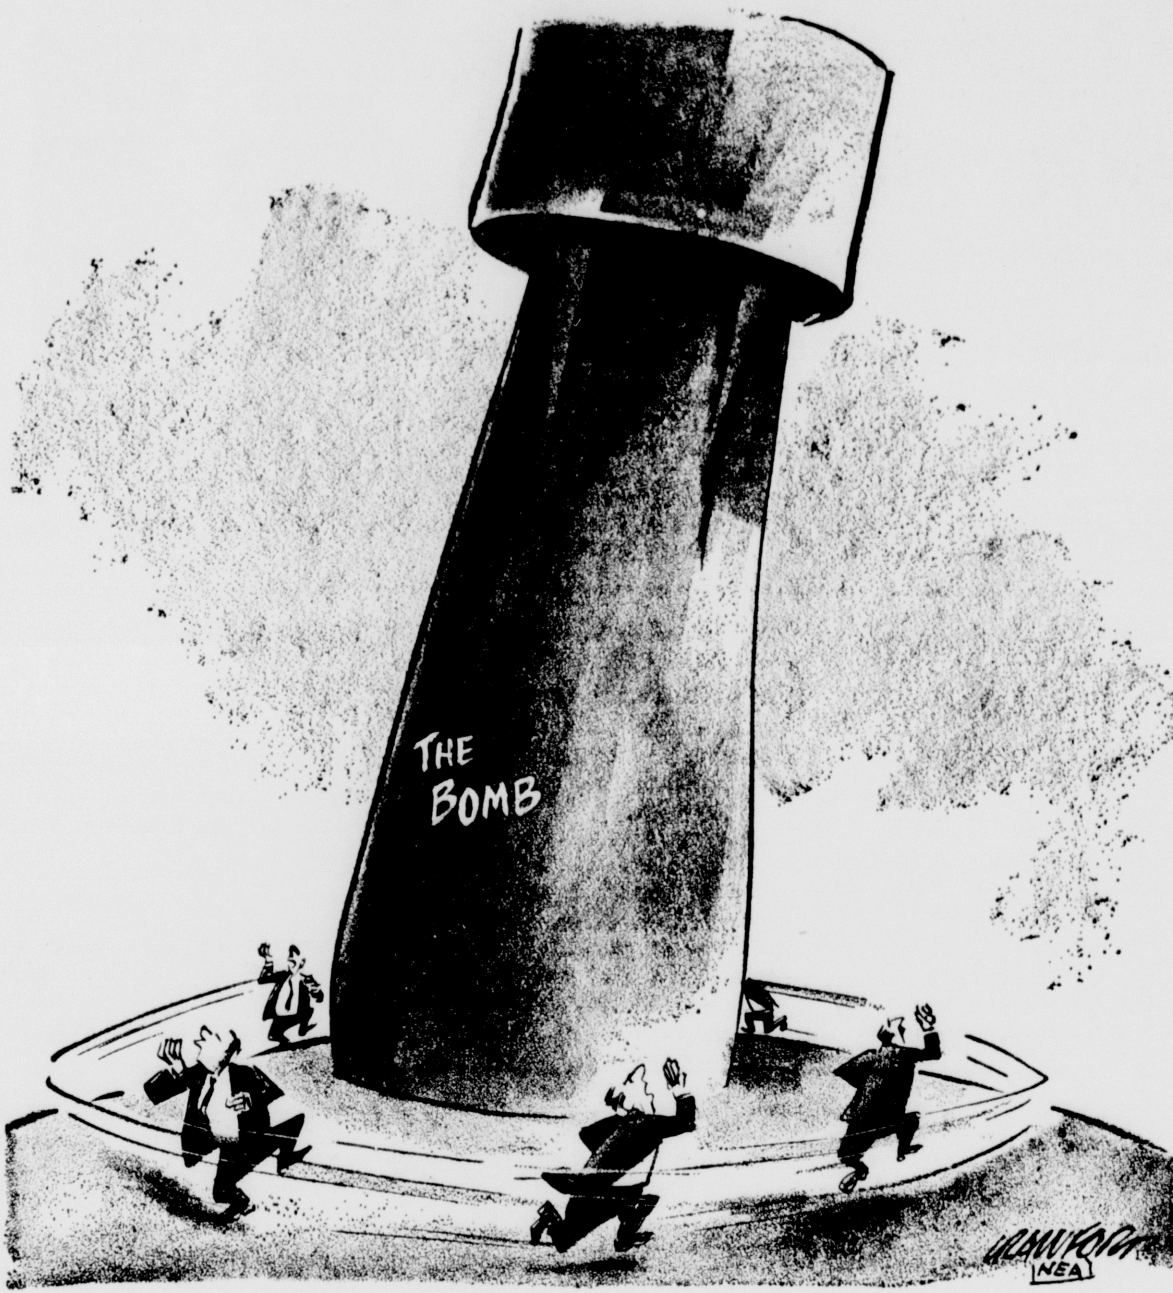

A—The cause of cancers of the skin is unknown, but exposure to the elements—especially the sun—is believed to be a possible cause. Such exposures should, therefore, be used in moderation. The commonest skin cancers of the face usually occur at the side of the face. They grow very slowly, are easily removed and rarely return.

Q—Is a blood test a sure way of detecting syphilis? What is the cure?

A—Blood tests are used to make a presumptive diagnosis of syphilis. If they are positive other tests are often used to confirm the diagnosis. The best treatment is penicillin or a closely related drug because, if the proper dose is used, one injection will give a quick cure in persons who are treated early in the course of the disease before any permanent damage is done to vital organs.

Please send your questions and comments to Wayne G. Brandstadt, M.D., in care of this paper. While Dr. Brandstadt cannot answer individual letters, he will answer letters of general interest in future columns.

## The Campaign War Dance

## Washington Comment

By RAY CROMLEY  
WASHINGTON — (NEA) — In the background of the debate over what controls should be exercised over tactical nuclear weapons lies one hard fact:

In the opinion of high-placed military men the United States has modernized its military forces so completely that we are no longer adequately set up to fight a war against a major enemy (the Soviet Union) without the use of nuclear weapons.

We don't have the stockpiles of conventional bombs. We don't have the weapons on naval ships.

We don't have sufficient anti-submarine warfare weapons. The new antisatellite weapons are effective today only if they use nuclear warheads. The anti-air systems are nuclear.

★ ★ ★  
The U. S. Military Forces have or are developing the arms and equipment, firepower

er and logistics for nuclear wars and guerrilla wars. But we are a long way back in the development of the needed modern weapons and ammunition in the quantities needed for conventional wars.

Specifically:  
1. Missiles have largely replaced conventional guns on cruisers and destroyers.

As one admiral put it to me privately "I'd be caught naked if I was ordered to fight a naval engagement without using nuclear weapons. I wouldn't have what it takes to fight with. My ships don't even have enough conventional ammunition."

Gen. Wallace M. Greene Jr., Marine Corps commandant, a few days ago said that there is a deficiency of conventional naval gunfire to support over-the-beach landings because of the conversion of large numbers of ships from conventional to missile capability.

2. The Air Force would not have the conventional iron bombs in the quantities that would be needed for fighting a major enemy. They're not stockpiled overseas in Europe or Asia or even in the United States in sufficient numbers.

Tests have been run with B-47s and B-52s to determine how these planes would operate with iron bombs (non-nuclear bombs). They do work. But the damage that would be done by the conventional bombs carried by these planes would not be worth the number of planes that would be lost on important missions.

3. The United States and its NATO allies could not hold Europe against the Soviet conventional forces without the use of nuclear weapons. The U. S. Army's strategy, tactics, weapons, equipment and ammunition are geared overall to a nuclear strategy.

There has been considerable talk about making the Army, Navy and Air Force dual-powered, able to operate with or without atomic weapons in battle against a strong foe. But as of today, and for the foreseeable future, as U. S. military men see it, the U. S. forces have a rounded war capability against a major foe only if they use nuclear weapons.

From what can be learned, this is not nearly so true of Soviet armies.

## Chips And Splinters

### Contributions To Chips Welcomed

Michael Kane, 9, son of Mrs. Kenneth Kane of 205 S. 19th St., saw no reason why he shouldn't be friendly. So he wrote a letter to President Johnson, telling him about his four brothers — and inviting the President to come and visit the Kane home.

Monday a letter arrived from the White House in Washington for Michael. It was from Kenneth O'Donnell, special assistant to the President.

"Dear Michael: The President has asked me to thank you for your letter although it is not possible for him to accept your kind invitation to visit you and your family. He appreciates your friendliness in writing and sends you his best wishes."

Michael was thrilled. Mrs. Kane, a widow, was pleased for Michael — and she was also relieved that the President had no plans to drop in unannounced.

## Ann Landers

# Sneaked Smokes Anger Husband

Dear Ann Landers: Before we married I smoked two packs of cigarettes a day. My husband asked me to stop smoking and I promised I would. I did stop—for a while. Several weeks ago I started smoking again, secretly.

My husband smelled smoke on my breath yesterday and made such a scene you'd have thought I had committed a murder. He said I broke my word, that I am a liar and a sneak and he can't live with this sort of thing.

I love my husband and I'd rather die than lose him. I feel, however, that an adult woman should be allowed to smoke if she wants to and that he has no right to impose his will on me. May I have your opinion? —NICOTINE NAN

Dear Nan: I agree that an adult woman should smoke if she wants to, but this particular adult woman surrendered that privilege when she promised her husband she'd quit.

If your husband is as important to you as you say, you'll kick the habit. A woman who would rather smoke than save her marriage doesn't deserve the guy.

★ ★ ★  
Dear Ann Landers: Shall we hum a requiem for the correspondent who signed himself "Renoir"? He spent \$500 on records, books and flowers on the dumb broad, all the while mistaking her silence for wisdom.

I, too, was fooled by the same type. The music of our heavenly relationship was exquisite, but not until later did I realize I was plucking at muted strings and that there was no instrument attached.

The conversation that did it was this:  
"What music do you prefer, Hon?"

"Oh...well...you know...music."

"But I mean, do you like Corelli, Pisto, Weber — Strauss?"

"Strauss. Yes, I like Strauss."

"Which one, Johan or Richard?"

"Huh?"

"Never mind. Which composition do you like best?"

"Uh? Oh...the Blue Danube."

When I heard THAT everything became clear. I'm glad I read "Renoir's" letter. I did not think such a thing could happen twice in the same century.—DEGAS

### FAT OVERWEIGHT

Available to you without a doctor's prescription, the GALAXON plan. You must lose ugly fat or your money back. One of the basic problems of losing weight is your inability to stick to a planned diet. The GALAXON plan contains a tablet and is easily swallowed. When you take GALAXON, you simply don't have the urge for extra portions because GALAXON depresses your appetite and decreases your desire for food thus making it easier and more comfortable for you to diet. Your weight must come down because your doctor will tell you, when you eat less, you weigh less. Get rid of excess fat and live longer. Of course GALAXON can't do all the work for you alone. But if you really want to cut down on your eating, and lose weight, GALAXON can be a powerful helper. The GALAXON plan costs \$3.00 and is sold on this guarantee: If not satisfied for any reason, just return the package to your druggist and get your full money back. No questions asked. The GALAXON plan is sold with this guarantee by:

## State Surplus Is \$57 Million

LANSING (AP)—Michigan's General Fund climbed from a deficit of \$22.8 million to a net surplus of \$57.1 million during fiscal 1963-64, State Controller Glenn Allen said today in a final report.

Allen told Gov. George Romney that General Fund revenues exceed operating expenditures by \$79.9 million.

In a preliminary report July 15, Allen had estimated a surplus of \$48.8 million.

The higher actual surplus, he said, resulted from \$3.1 million higher collections from a group of miscellaneous taxes, \$1.6 million more in reimbursements to the state for care of patients and inmates in state institutions and \$4.3 million more in lapses than estimated in July.

Most of the additional \$4.3 million, he said, is in the social

## Scholarships

LANSING (AP) — The State Department of Public Instruction has announced registrations will be accepted at local recruiting offices up until Nov. 20 for college scholarships under the Naval Reserve Officers Training Corps program. Examinations will be given Dec. 12 for the scholarships leading to Navy or Marine Corps commissions.

## State Probing Illegal Healing

DETROIT (AP) — Atty. Gen. Frank Kelley revealed Wednesday night that 28 investigations are underway involving imposters or others practicing the healing arts without a license.

The crackdown, he said, followed the exposure of Thomas Novak, 29, of Livonia, who had practiced medicine for four years although his formal education went only as far as high school.

Kelley told the first results of his probe at a meeting of the Maimonides Society, an organization of Detroit metropolitan area physicians.

Kelley said there are investigations underway and pending action in these various fields:

Medicine 12, podiatry, 8; dentistry, 5, chiropractic, 2, and optometry, 1.

## Ensign

Attend Rites  
Mr. and Mrs. Harold Gustafson and Mr. and Mrs. Royce Gustafson and children of Ensign attended the funeral of Mrs. Ewald Anderson at St. Germain, Wis., recently. Mrs. Anderson, sister-in-law to Mrs. Harold Gustafson taught school for 17 years and served as principal of the St. Germain Elementary School. Mr. and Mrs. Victor Malcolm of Detroit, en route to the Anderson funeral, were overnight guests at the Harold Gustafson home.

Mr. and Mrs. Howard Kuehn and daughter Shirley of Pottersville, Mich., were weekend guests at the Bob Olson home in Ensign. Kuehn is the former superintendent of Perkins Schools and now serves in that capacity at Pottersville.

Mrs. Bertil Gustafson of Ensign held a neighborhood social at her home Monday evening for 255 people. An attractive lunch was served.

# Gail Amore And Paul Ketola Exchange Vows

GERMFASK — Paul Edwin Ketola, son of Mrs. Pauline Ketola and the late Emil Ketola of Seney, claimed Gail Geraldine Amore, daughter of Mr. and Mrs. Dennis Amore of Germfask as his bride in a double ring ceremony performed by Rev. Fr. Neil Smith of Grand Marais at 10:30 a.m. Saturday, Oct. 10, at St. Theresa Church at Germfask. The bride was given in marriage by her father.

Attendants were maid of honor, Nadine Amore, bridesmaid, Mrs. Bernard Carr, best man; Dwight P. Rutherford, groomsmen; Joseph Amore; ushers Harold Miller and Bernard Carr; flower girl, Diane Ketola and ring bearer, Robert Sykes.

The bride wore a white floor length nylon lace over taffeta dress featuring a Sabrina neckline, long tapered sleeves and fitted basque bodice, embroidered with tiny pearls and rhinestones. The bouffant skirt had a lace circular back ruffle and a scalloped hemline. Her fingertip veil of nylon illusion was held in place by a tiny crown with jeweled peaks. She carried a white bible with stephanotis and ivy.

Maid of honor and bridesmaid wore identical dresses in pastel yellow and blue with lace fitted tops, round necklines, long sleeves, and bouffant street length chiffon skirts. Their bluish length matching veils were held by tiny crowns. They wore fall tinted carnation wrist corsages.

A reception was held from 2 to 4 at the V.F.W. Hall followed by a dance.

The bride is a graduate of Manistique High School and her husband is a graduate of Newberry High School. After a short wedding trip the new-

Vegetable kabobs are good cooked in the oven broiler or over glowing coals. Some cooks like to marinate the vegetables — mushrooms and chunks of zucchini and onion in French dressing before cooking. Wide strips of green pepper also make good additions to skewers, but these should not be marinated.

# Pork And Beef Economy Buys This Weekend

By The Associated Press  
Pork and beef are favorites at the nation's groceries this weekend, with many shops featuring sales on one or the other. Beef features are corned brisket, chuck, sirloin and porterhouse steaks, chuck and round roasts, stew meat and ground beef.

Pork is especially prominent in Midwestern stores. Most widely featured are chops, spareribs, Boston butts, bacon, hams and loin roasts.

Lamb and veal are regional red meat offerings.

Broiler-fryers appear to be the poultry feature though stewing and baking hens are spotted in some areas.

Main vegetable offerings include kale, butternut squash, pole beans, spinach, Brussels sprouts, cabbage, carrots, lettuce, sweet potatoes, artichokes and eggplant.

Half-fill sherbet glasses with frosty cold seedless grapes; top with sour cream and freshly-grated nutmeg.

THE NEW Maytag Store in Manistique has nearly 100 feet of frontage on S. Cedar St. It is operated by three partners, Frank DeCelle, his son, Francis DeCelle and Jack Phillips. (Daily Press Photo)

## Maytag Store Is Remodeled

Manistique Maytag and Furniture is holding a grand opening in its expanded and remodeled building at 122 S. Cedar St.

The firm bought the former Mitchell laundry building, which at one time had been a Maytag store, and remodeled. Another structure was built between the Maytag store and the new building, to provide 100-foot frontage on S. Cedar St.

The addition is 50 by 92 feet and has a sidewalk canopy.

Carpets, appliances and furniture are displayed in show windows. The store handles Maytag and General Electric appliances, Zenith television, Bigelow carpeting, Junger heaters.

Mr. and Mrs. Frank DeCelle, who came to Manistique Aug. 1, 1940 opened the Maytag store here in the former Crawford and Holland building, later moving to the old post office quarters in the State Bank building.

## Youth Training Sign Up Slated

Meetings are scheduled at the armory here Thursday, Oct. 22 and in the MESC office in St. Ignace Tuesday, Oct. 20 to register for the on-campus training program at Northern Michigan University for school drop-outs.

About 30 drop outs from Mackinac, Schoolcraft and Baraga counties will be selected for the program. They will be rural persons in the 17-25 age group. St. Ignace and Manistique persons are not eligible at this time.

Trainees will receive \$35 a week, with \$23 of this going for room and board. There may be additional assistance for those with family responsibilities. Each trainee will live on campus and have a "big brother" or "big sister" to guide him on campus.

Counselors will be provided to help choose vocational programs. The training will be in three phases, basic education, orientation to the world of work and vocational training.

In Schoolcraft County these persons may be contacted for information about the program: Harold Peters, Gernfack; Mrs. Leonard England, Seney; Mrs. John LaRose, Mueller; Allen Yoder and Lindsley Frenette, Gulliver; Eva Burrell, Doyle; Lloyd Brown, Manistique; Matt Walter, Cooks and Mrs. Foster Cain, Hiawatha.

William Cowman and John LaRose are coordinating the initial part of the program.

Persons who may be contacted in Mackinac County include: Clifford Lewis, Rector Soder and Anne Crisler in Curtis; James Brownson and William Watts, Gould City; Allen Rigotti and Edward Cantin, Engadine and Emmett Vallier and Wallace Belleville, Naubinway.

Coordinating the Mackinac program are Norman Wixom and Oliver Cummings of St. Ignace.

### School Board To Attend District Planning Parley

A meeting to select five members from high school districts in compliance with the school reorganization act is scheduled at Rapid River at 8 p.m., Oct. 19, it was reported to the Manistique Board of Education Tuesday night.

Representing Manistique at the meeting will be board members, Mrs. Paul Larson, John Moffat, Denton Nelson, Norman Jahn and Mrs. Duane Waters and School Supt. E. E. Wuehle.

In other business, the board asked study by the superintendent of a proposal to buy gasoline through the city, if possible; approved choral accompaniment by Mrs. Roy Pitts at \$4 per day; and approved attendance of the football team at a game in East Lansing, under sponsorship of the Greenfire Boosters.

Approval was granted to

transfer funds from the 3.5 mill building and site fund, on loan basis for school operating expense until taxes are received. Tuition payments have not been received and the distribution time for primary funds are different now, it was reported. The board needs \$5,000 to meet its coming payroll, as the Sept. 30 balance was \$5453, and not sufficient for this.

Use of four days sick leave compensation by Marvin Fredrickson for educational purposes was approved. A policy of deducting cost of substitutes for school teachers serving in elective offices for times absent was approved.

John Moffat and Denton Nelson were named to serve with three teachers on the teachers' salary committee.

Alcohol is classified as an anesthetic, related chemically to ether and chloroform. When taken in large enough quantities it will put a person to sleep.

### Inland Achieves Safety Honor

Inland Lime and Stone Co. has been advised by the National Crushed Stone Assn. that it won the Group 1 competition in the 1963 safety contest.

This marks the third consecutive year in which Inland has won this award, which goes to the company which has the best record among members of the Association.

The company also is well on the way to completing 1964 without a lost-time disabling injury. John W. Moffat, vice president and general manager, noted in congratulating employees on their accomplishment.

The Japanese lost 26 ships in the Battle for Leyte Gulf. The Allies lost six.

M/Sgt. and Mrs. Marvin Burns of Antigo, Wis., and their son, Robert, who is attending Northern Michigan University at Marquette spent the weekend at the home of the former's parents, Mr. and Mrs. James Burns.

Mr. and Mrs. Michael Collins and family have moved to Saginaw where he is employed.

Mr. and Mrs. Gerald Bryant and family have moved to one of the Harris Cabins.

Mr. and Mrs. Robert Sheppard and granddaughter and Mrs. Sheppard's mother of Clio, are spending a few days here.

Mr. and Mrs. Richard Robinson, son David, and daughter, Nancy, of Sault Ste. Marie, Ontario, visited at the home of Elder and Mrs. Walter Burns.

Clarence Orado was taken by ambulance to the VA Hospital at Iron Mountain.

Nadine Amore accompanied her brother back to Detroit where she will enroll in a beauty culture school.

### Attend Wedding

Mrs. Emil Nelson of Flint, Mr. and Mrs. Walter Harp of Muskegon, Mr. and Mrs. Edward Lake and Sherry Lake of Traverse City, Chet Belanger, Miss Bonnie Smith of Flint, Miss Barbara Sodergram of Traverse City, Joseph Amore and Mr. and Mrs. John LaRue of Detroit and Dr. and Mrs. R. Sykes and family of Ionia visited with friends and relatives here and also attended the Amore-Ketola wedding.

The out-of-town relatives of Paul Ketola who attended the wedding were Mr. and Mrs. Emil Ketola, Jr., and family of Milan, Mr. and Mrs. John Ketola and daughter of Ann Arbor, Mr. and Mrs. Bernard Carr of Houghton, Mr. and Mrs. Ira Clark and son Herman Swisher of Newberry and Mr. and Mrs. Ernest Derwin and son Tom of Manistique.

### Sault Will Get New Buoy Tender

SAULT STE. MARIE (AP) — A new 45-foot Coast Guard buoy tender is expected here late this fall to replace the 32-year-old vessel, Cherry, which is to be decommissioned, according to Rep. Victor Knox, R-Mich.

The 75-foot Cherry services buoys in the St. Marys River area, Lake Superior and in the Straits of Mackinac area of Lakes Huron and Michigan. The new vessel will operate with a four-man crew.

More than 17 million trout are caught annually in Colorado streams and lakes.

### Bus Driver Faces Crossing Charge

GRAND RAPIDS (AP) — Caledonia school bus driver John McIntyre, 23, was free on \$50 bond today to await trial Oct. 29 on a charge of driving the bus past a railroad crossing while the warning gate was closed.

He pleaded innocent Monday in municipal court here. Police said McIntyre allegedly stopped the bus with 40 passengers and told a young rider to lift the crossing gate which had come down upon approach of a freight train.

The freight went onto a siding, crew members said, and the bus moved past the crossing.

Authorities said the gate was to have remained lowered because of an approaching passenger train.

### Trout Catches Five Times 1959

GRAND MARAIS, Minn. (AP) —Lake trout catches in test nets last month numbered about five times those of 1959, fisheries experts from Minnesota, Wisconsin, Michigan and the federal government reported Tuesday.

"Both the size and the availability of trout are on the increase," said Robert Salafeld of Ann Arbor, Mich., assistant executive secretary of the Great Lakes International Fisheries Commission.

The fisheries experts told the Lake Superior advisory committee of the commission's U.S. section that science is winning the battle against the sea lamprey.

They said tests have produced 13 pounds of trout per 1,000 feet of net this year compared with 10 pounds a year ago. Commercial fishermen once averaged 20 pounds before the coming of the lamprey.

### Nazi Leader Says Press Suppresses

ANN ARBOR (AP) — Americans have not been told the truth about the American Nazi Party because the nation's mass media are controlled against it, its commander told a University of Michigan audience Monday night.

Speaking before an audience of students, Nazi Party leader George Lincoln Rockwell said Jews have gained control of the media and suppressed his views.

He said the "Jewish problem" was that too many Jews had tried to suppress discussion about themselves unless it was laudatory.

### Tshombe Hero On Return To Congo

LEOPOLDVILLE, The Congo. (AP) — The treatment given Premier Moise Tshombe at the Conference of Nonaligned Nations in Cairo has made him a hero at home.

On his return Tuesday, crowds lined the 30-mile road from the airport to Leopoldville and roared approval as the smiling premier stood in the back of a jeep, his fists held high.

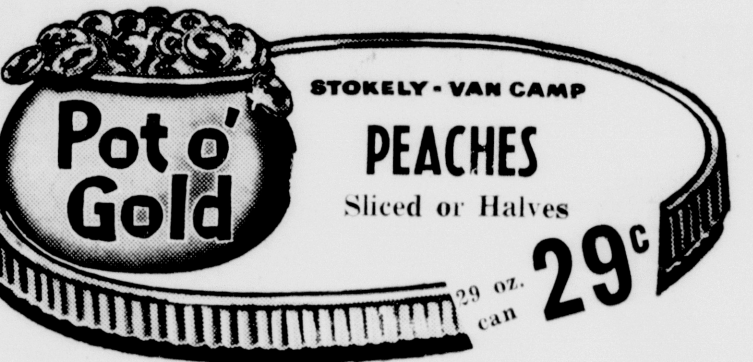

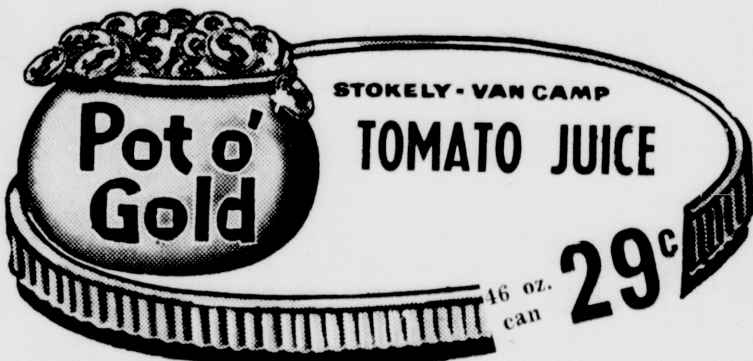

The Cairo conference barred Tshombe and Egyptian authorities held him prisoner in a guarded palace for three days.

Use Kids Names?

Publicity For Juvenile Crime Urged, Opposed

NEW YORK (AP) — How do you prevent a juvenile delinquent who has committed an adult crime from becoming a habitual offender?

In the continuing debate over juvenile delinquency, experts have come up with two diametrically opposed proposals. Some experts claim the only preventive is widespread newspaper publicity, including the name of the juvenile for all to read. Others say the best method is to shield the young offender from the glare of publicity.

In Montana, District Court Judge Lester H. Loble claims to have cut crime, carrying out a law he fathered in 1961, which provides for open court hearings for juveniles accused of felonies. This includes newspaper coverage which names names. Judge Loble says that juvenile felony cases are down 49 per cent compared with the three-year period before 1961.

**Fear Of Publicity**

He asserts, "The twin enemies of crime are fear of punishment and fear of publicity."

Most of the police chiefs and prosecuting attorneys interviewed around the country by The Associated Press agree with Judge Loble's view that juvenile offenders' names should be published. They claim such publication has a deterrent effect.

Probation and parole officers generally oppose publication of names. Juvenile Court judges are split nearly 50-50.

Those who oppose publication of young lawbreakers' names do not agree on a reason as do those favoring publication.

Some think names of juveniles should not be published because it would be too harsh a punishment. Others think publication should be withheld because it is exactly what the offenders want.

Juvenile Court Judge Frank Breitenbach of Los Angeles says he knows of juvenile gangs who try to top each other for space in the press.

**Look For Reports**

Donald E. MacFarlane, referee in Hennepin County (Minneapolis) Juvenile Court, says, "Many kids are looking for somebody to give them publicity on anything, even their troubles with the law. I feel that when we publish names we only give them a little chance to gloat over their so-called accomplishments. Many of those kids carry their clippings with pride."

In Boston, Juvenile Court Judge John J. Connelly said the whole purpose of juvenile courts is "that children are immature and prone to make mistakes and vulnerable to outside influences and from within themselves. Their chances in later life should be protected."

William Cribbens, youth services consultant with the Chicago police, agrees. "Too many people who are jammed up as kids turn into good solid citizens. I've seen too many young people who would have been irreparably hurt if their names had been given out."

Another comment as to the efficacy of social pressures on parents and offender whose name is published comes from Judge Elmo Holt of the Fulton County (Atlanta) Juvenile Court:

"Under certain circumstances, I think publishing the names would have a good effect. 'It might, however, have a better effect in small towns, where everyone in town could read the names.'"

In Detroit, presumably of a size where social pressure would be minimal, Wayne County Prosecutor Samuel Olsen advocates adding monetary pressure. "In the case of savage, unprovoked attacks on citizens, extreme publicity should be given to the case, especially to parents of these young toughs," Olsen said he thinks, further, the laws should be amended to make parents liable for damages where assault by a juvenile is intentional.

Borg Warner Gives College A Factory

KALAMAZOO (AP) — A 194,000-square-foot plant, formerly occupied by Ingersoll Division of Borg Warner Corp., has been acquired by Kalamazoo College as a gift.

Robert Ingersoll, former Kalamazoo resident, signed the deed over to Kalamazoo College President Dr. Weimer Hicks at a luncheon Tuesday.

College officials said the \$450,000 plant will be used as income property. Before Borg Warner began closing its Kalamazoo operation in 1963, the plant was used to make farm implements, auto parts, air conditioning and heating equipment.

Gladstone News

Briefly Told

State Police ticketed Dorothy Scheeneman, of Rte. 1 Bark River, for speeding.

Two 11-year-old boys from Rte. 1 Gladstone were apprehended by State Police early Wednesday evening as they were shooting BB guns at car windows at Phalen's Junk Yard on County Road 426 and 420. The youths were released to the custody of their parents.

Harold Kegel, of Rte. 1, Rock, reported to State Police that his home was broken into sometime since Oct. 8. Entry was made by breaking a kitchen window. Nothing was reported missing. Investigation is continuing.

Chester DeRusha, 1013 Delta Ave., was sentenced to 90 days in the county jail after pleading guilty Tuesday before Justice A. J. Mortier on a charge of furnishing alcoholic beverages to minors. DeRusha was arrested by Gladstone city police.

The monthly meeting of Gladstone Community 4-H Club will be held Friday, Oct. 16, at 3:30 p.m. in the James T. Jones School. All registered members are expected to attend and any boy or girl who plans to enroll in a 4-H winter project must be present. Registration will close at this time.

Russel Poma, 36, of Rte. 1 Gladstone, escaped injury at 6:15 p.m. Wednesday when he lost control of the car he was driving and struck a tree on County Road D-5. Poma was traveling north on County Road D-5, one half mile north of County Road 420, when the car skidded off the road and hit a tree on the right side. The car was considerably damaged and Poma was ticketed for violation of the basic speed law, too fast for conditions.

# Yankees Square Series; Favored To Beat Cards

ST. LOUIS (AP) — For the seventh time in the last 10 years, the World Series went down to the seventh and final game today with the St. Louis Cardinals and New York Yankees all knotted up at three victories apiece.

## Cards Manager Denies Rumor

ST. LOUIS (AP) — Manager Johnny Keane of the St. Louis Cardinals denied a report Wednesday night that the Pittsburgh Pirates had offered him a three-year contract to move there in a similar capacity. "There's no truth to it," Keane said on the eve of the seventh game of the World Series between the Cardinals and the New York Yankees.

Keane said he will meet with Cardinals officials the day after the World Series to discuss his future with the St. Louis club. Pirates Manager Danny Murtaugh resigned shortly before the end of the season because of personal health.

The odds favored the Yankees 10-13 although the Cardinals never had lost a seven game series in four previous appearances. The Yanks, 20-8 in all Series play, had won five of nine in seven games.

And for the third time in this Series, the Cardinals' Bob Gibson and the Yankees' Mel Stottlemyre prepared to match pitches, each seeking his second

## Doctors Seek Wilt's Trouble

PHILADELPHIA (AP) — Doctors at Temple University Hospital began tests today in an attempt to diagnose abdominal pains which have kept Wilt Chamberlain, San Francisco Warriors basketball star, out of action.

The 7-foot-1 shooting star checked into the hospital Wednesday night but was not available for comment.

triumph, with only two days rest.

Playing with their backs to the wall, and in enemy grounds, the American League champions averted elimination Wednesday with an 8-3 victory behind young Jim Bouton featuring some old-time Yankee bunting.

The victim was Curt Simmons, 35-year-old left-hander who vainly sought his first Series triumph. Simmons did well through five innings but ran afoul of the home run bats of Roger Maris and Mickey Mantle, who connected back-to-back in the sixth to break a 1-1 tie.

Joe Pepitone's grand slam clinching a five-run inning in the eighth put the game on ice and made Bouton the first two-

## In This Corner with Ray Crandall

Kingsford's Dick Berlinski, one of the brightest football stars ever to perform in Upper Peninsula prep ranks, has already had scholarship offers from about 50 colleges around the country. In addition to his athletic talent, Berlinski is a B-plus student, president of his senior class, president of the Kingsford Varsity Club, secretary of the school's Hi-Y and sports editor of the school paper.

As recently as last weekend, Berlinski indicated he favors the University of Michigan or Michigan State as his college choice. He is interested in dentistry and pharmacy. In addition to football, Berlinski stars in track, basketball and baseball and will become the school's first 16 letterman in history when he graduates next spring.

Latest Upper Peninsula coaching change comes from Menominee where Bob Krysiak has been named head basketball coach to succeed Harvey Filppula who is now at Dollar Bay. Krysiak had coached the Maroon javve eagers the past two years. He is a graduate of Shawano High School and LaCrosse State University.

James Edward (Jim) Smith, who died recently at the age of 79, is remembered by oldtimers in the area as one of the outstanding early day baseball stars in Escanaba. Smith, captain of the No. 2 fire station for many years, was a top notch pitcher.

Mike Gafner, talented Escanaba Eskymo quarterback, throws his touchdown passes in bunches of three. The senior aerial artist has tossed nine payoff pitches thus far this season, clinching for three TDs in each of the Soo, Marquette and Negaunee games. His 191 yard passing yardage in the Soo game last week is an all-time school record. Gafner was just short of that total in the earlier game against Negaunee in which he completed 8 of 12 attempts.

Ironwood is another Upper Peninsula football team that has been hard hit by injuries this season. Coach Wayne Melchiori has lost Paul Carlson with a broken bone in his foot, Jon Krznarich and Bill McDonald with leg fractures and Don Koivisto with a fractured hand.

A former Upper Peninsula athlete led LaCrosse State University to a 14-6 victory over Platteville in a Wisconsin State University Conference game last week. Bob Koski, ex-Wakefield high school star, scored a touchdown and kicked two extra points for LaCrosse.

Preble's Hornets, who make their first appearance in history here against Holy Name in the Homecoming game Saturday, are a veteran outfit. Coach Bill Dessart has 23 seniors among the 32 players on his traveling squad. Included are 11 lettermen from the team that posted a 7-1 record last fall. A rookie starter for Preble is Don Donarski, a smooth operating sophomore quarterback.

Iron Mountain, Escanaba's Saturday road foe, has to be the comeback team of the year in Upper Peninsula football circles. Coach George Gusick's Mountaineers lost eight straight starts last fall. Thus far this season they have won five of six, losing only to Iron River by a single point. Forming the nucleus of this year's squad are seven offensive and eight defensive regulars from last season.

game winner of the Series.

"I'm glad we're playing the last game in this park," said Yankee Manager Yogi Berra, his broad face spread even wider in a large grin.

"The boys seem to hit better here than in Yankee Stadium. The way they hit today, they wish we'd play here all year."

Failure to wind up the Series in six games didn't appear to disturb Johnny Keane, the Cardinal manager.

"I said at the start the Series could go down to the wire, he said. "We're used to this kind of scrambling. We've had to scrap all year so way not now?"

"I still think we can win it. We're better off than we were at the start. We have to win only one and in our own park. That should give us the edge."

Keane said he would pay close attention to how Gibson warmed up before the game.

"I don't think the short rest will affect him," he said. But if I see he doesn't look sharp, in his warm-up I'll switch to Seideck."

Gibson toiled 10 innings in his 5-2 winning effort Monday striking out 13 batters. At that time, he was pitching with his normal three-day rest after having beaten 8-3 in the second game.

Berra had no doubts about his seventh game starter.

"It'll be Stottlemyre," he said. "Whitey (southpaw Whitey Ford) is still ailing. He limbered up during Wednesday's game and told me he couldn't make it. That heel injury he aggravated in the opening game still bothers him."

## Lindsay Tries Puck Comeback

DETROIT (AP)—Ted Lindsay, captain of the Detroit Red Wings during the "glory years" of the early 1950's, is coming out of retirement to play for the Wings.

Lindsay, 39 years old and the highest-scoring left winger in Detroit and National Hockey League history, announced this Wednesday.

He is expected to play tonight when the Red Wings open the season against the Stanley Cup champion Toronto Maple Leafs.

Lindsay's 700 points, achieved on 321 goals and 379 assists, place him second on the all-time Red Wings' scoring list behind Gordie Howe.

Manager-Coach Sid Abel who centered the famed "Production Line" of Abel, Lindsay and Howe said he discussed the comeback with Lindsay this summer.

"We decided to wait until Ted got back into playing shape to see if he could make the grade again," Abel said.

"It will be strictly up to Ted as to how long he plays. I plan to use him on power plays and spot him along the way. It will be up to him to skate off when

he feels he's had enough," he said.

Abel said there has been no thought of reuniting Howe and Lindsay on the same line.

"I'm not going to break up a combination that has been working through the preseason practices," Abel said.

Lindsay's best season was in 1956-57. He had 85 points on 30 goals and 55 assists, finishing four points behind Howe in the league scoring race.

The 55 assists which Lindsay first achieved in 1949-50 remains a club record.

Injuries have sidelined two players. Defenseman Bill Gadsby will not play because of a back injury and Larry Jeffrey will be out because of a bruised right knee.

Both are expected to be ready for the weekend series with Chicago, Abel said.

The Red Wings and Maple Leafs are the last teams to start the season. All of the other teams have played at least one game.

The Maple Leafs beat the Red Wings four games to three in the Stanley Cup finals last April.

# American Sprinters Equal World Marks

TOKYO (AP) — Burly Bob Hayes and Wyomia Tyus matched world sprint records, injured Al Oerter won the gold medal in the discus throw for the third time and Philadelphia's Vesper Boat Club and a New Jersey schoolgirl provided

surprise victories today in the Olympic Games.

The various victories pushed the United States' leading medal total to 29, 12 gold, nine silver and eight bronze. Russia has 20 seven gold, four silver and nine bronze.

The Philadelphia crew in the premier eight-oar competition had to make a big comeback to grab its gold.

Germany was second and Czechoslovakia third.

And Lesley Bush, a 17-year-old schoolgirl from Princeton, N.J., won the women's platform diving, upsetting the heavily favored Ingrid Kramer-Engel of Germany, who finished second. Miss Bush finished with 99.80 points.

Hayes, the 190-pound flash from Florida A&M, solidified his claim as the world's fastest man with a 10-second-flat victory in the 100-meter dash after an earlier, near-incredible 9.9 performance was blown away by a trailing wind.

"That's the second time I've had a 9.9 thrown out," he said. "The other time the wind was blowing pretty good, but this time it was just over the limit."

Helping swell the leading Yankee medal total was the first-place finish of the pair oars with cox Ed Ferry, Seattle; Conn Findley, Belmont, Calif., and cox Kent Mitchell, Berkeley, Calif., who finished the 2,000-meter course in 8:21.33.

Oerter, a 260-pounder from West Babylon, N.Y., shook off his various ailments and won his third consecutive discus gold medal with a toss of 200 feet, 1 1/2 inches, breaking his own Olympic record. Dave Weil, Walnut Creek, Calif., was third at 195-2.

"Every time I threw, it felt like someone was trying to tear out my ribs," said Oerter, who competed with his right side frozen to prevent internal hemorrhaging from torn muscles in his rib cage.

The big noises of his fifth day of the 18th Olympiad, however, were the two magnificent performances by Hayes.

The wind was blowing at just over 5 meters per second when he clocked the 9.9 in the semifinals, but it had subsided when he bolted off the blocks in the finals.

A great gasp went up from the throng of 85,000 in the National Stadium when it was apparent that Hayes—not usually a good starter—was on his way to a great race. He flashed down the track, his churning arms and legs generating great power, and steadily lengthened his lead.

He finished some two yards in front of Enrique Figueroa of Cuba and Harry Jerome of Canada. Jerome shared the world record of 10 flat with Armin Hary of Germany.

Miss Tyus, a tall Tennessee State co-ed, matched the world record held by Wilma Rudolph with an 11.2 performance in winning her heat in the second round of the women's 100-meter.

Two other American girls, Edith McGuire of Atlanta and Marilyn White of Los Angeles, also made it through two rounds and into Friday's semifinals.

The United States also took second in the team standings in modern pentathlon, a second in double sculls and a third in four oars without coxswain.

## Four Starters Return At UM

ANN ARBOR (AP) — With four of his five starters back and 10 of 13 lettermen, Michigan basketball coach Dave Strack opened team practice today.

The squad which tied for the Big Ten championship and placed third in the NCAA competition is augmented by several promising sophomores.

The Wolverines open against Ball State Dec. 1.

Mainstays of the squad again will be senior center Bill Buntin and junior guard Cazzie Russell. Russell set Michigan's season total point record at 670 last year and Buntin set the record of the year before.

Russell, a second team All America last year, was injured the last part of the season by an ankle injury which handicapped his efforts for an Olympic bid. Strack said he hoped the injury has fully healed but it had still bothered Russell sometimes.

Wolverine forwards Larry Tregoning and Oliver Darden are back, leaving only a guard vacancy caused by the graduation of Bob Cantrell to be filled by a newcomer this year.

Strack listed three Wolverine lettermen scrambling for the position—John Thompson, John Clawson and Tom Ludwig. Practice will determine who if any will win the starting spot.

Craig Hill, a 6-foot-10 sophomore center, from Saginaw will either play behind Buntin or as a forward or center with Buntin, Strack said.

"The Wolverines' second game Dec. 5 is with Duke, the team that knocked the Michigan cagers out of the NCAA tourney last spring.

## Hawks Shutout Boston Bruins

CHICAGO (AP)—With goalie Glenn Hall kicking out 32 shots, the Chicago Black Hawks opened their National Hockey League campaign before 14,165 whooping fans in Chicago Stadium Wednesday night by blanketing the Boston Bruins 3-0.

The Hawks-Bruins game was the only one played Wednesday. Toronto is at Detroit tonight.

## Japan Loses Top Horseman

TOKYO (AP) — Toshiaki Kitai, prominent Japanese horseman and his country's first post-war Olympic rider, died early today, apparently of a heart attack.

Kitai, 40, was to have served as a judge in Olympic equestrian events starting here Friday.

Both are expected to be ready for the weekend series with Chicago, Abel said.

The Red Wings and Maple Leafs are the last teams to start the season. All of the other teams have played at least one game.

The Maple Leafs beat the Red Wings four games to three in the Stanley Cup finals last April.

# Michigan Faces Purdue Saturday

By The Associated Press

Unbeaten Michigan takes on Purdue and Michigan State, crippled by injuries to key players, tries to get back on the winning track against Indiana in two of the Big Ten football games scheduled Saturday.

Ohio State, the league leader after clubbing Illinois last week, entertains Southern California, while Northwestern plays host to Miami (Ohio) in another non-conference encounter.

Illinois is at Minnesota and Iowa at Wisconsin in the other conference games.

MSU's Spartans, off pace with two losses against one victory, heard disturbing news from the team physician Wednesday. A bruised heel will keep senior fullback and right half back Harry Ammon out of action against Indiana. The Holt youth was the only returner from last year with more than 100 yards gained rushing.

Michigan, Purdue, Minnesota and Iowa are all 1-0 and victories Saturday would move them into a tie with the Buckeyes.

Michigan can expect its ground game to undergo another stiff test against the Boilermakers. Purdue is the conference defense leader on the basis of having allowed only 147 yards in its victory over Wisconsin.

# Marquette Inks Local Players, Johnson, O'Neil

The Marquette Iron Rangers today announced the signing of "Bucky" O'Neill and Ron Johnson.

Both are from Marquette and both are outstanding hockey players. Although they are four years older than when they last played for the Marquette Sentinels this slight age difference is expected to make no difference as they are still only 27 years old. Both played Senior hockey when only 16 years of age and were the best forwards in the league by the time they were 21. Bucky has long been noted for his excellent play-making and scoring while Ron was exceptional as a skater, they both excel in all departments of the game and can be counted on to provide the fans with plenty of thrills and the opposition with plenty of trouble.

Coach Oakie Brumm of the Iron Rangers rates them as two of the best American players in the game today and said, "If these two boys can get in shape and start up where they left off we will have two of the most effective forwards in the league. I tried to get both of them to play for me in Waterloo and Des Moines but they didn't want to leave their jobs. Now they will get a chance to play in the U.S. League and I know the rest of the teams will sit up and take notice."

Previously Bucky had been top scorer for the old Marquette Sentinels for three years in a row and was especially dangerous when the pressure was greatest. Ronnie was not only a standout for the Sentinels but performed in the International League for Huntington, West Va., and Fort Wayne, Ind., and in the Eastern League for the Philadelphia Ramblers.

The signing of Bucky and Ronnie brings the total of signed players to seven. In addition to these two the Iron Rangers have defensemen Jim Jacobson, Wayne McQuaig, and Coach Brumm plus forwards Matt Oreskovich and Roger Veneski.

Negotiations are being carried on for additional players and the signing of a goal tender is expected shortly. The Iron Rangers will begin practice for the 1964-1965 U.S. Hockey League season the last week in October. The first game is against the Rochester, Minn., Mustangs in Minnesota City on November 21.

Reserved seats are still available and are on sale at the Marquette Chamber of Commerce Building. They can be reserved by calling CA 6-6591. Fans who have already purchased and paid for tickets will have them sent to them this week.

consin last week. Only 48 of the yards came on the ground.

Wolverine defensive halfback John Rowser, undergoing surgery today for a knee injury, is not expected to see active service this season. Also sidelined are Michigan halfback Jack Clancy and quarterback Dick Vidmer.

Purdue, like Michigan, relies heavily on its ground game. Five of their eight touchdowns have come on running plays.

Michigan State, which has a 13-4 edge in the series with Indiana, expects the Hoosiers to be tough. Indiana has lost all three of its games so far by a total of 10 points — the last two by a single point.

MSU Coach Duffy Daugherty has switched offensive tackles Rahn Bentley and Jerry Rush to defense. Knee injuries to linebacker Ed Macuga and defensive end Doug Roberts are likely to prevent them from seeing any action.

Politicians' Itch Items

By HAL BOYLE  
NEW YORK (AP) — Remarks a political candidate gets tired of hearing: "Remember, Jerry, if you lose this one the only thing left you can run for is — dogcatcher."

"The printer says that if we don't get up the money for your election cards now he'll throw them down the sewer himself."

"One of his troubles is that he gives his speech better when he talks in his sleep than he does when he's awake."

"I think the only votes he's sure of so far are those of people who read billboards along with their lips."

"Maybe if we got him to speak in a cemetery we could corral a few ghost votes."

"Now try to get this through your head: At the first stop you munch on Italian salami and some pizza pie. You ask for some bagels when we hit the garment district. And when we pause at Yorkville you say a few kind words about the sauerbraten your mother used to make."

"You don't campaign on issues anymore. You campaign on your stomach. Why should anybody vote for you if you don't eat the same kind of food he does?"

"Why should we let our tiger debate his opponent on television? That would only let the public find out how little either of them know."

"If I deliver you the 3rd precinct what's in it for me? I'm not one of those college boys who go into politics just to improve their health."

"Before we stop off at the next factory, kid, rub a little grime on your paws. You can't win the workingmen's vote with clean hands."

"Don't waste any more time kissing babies. Kiss the old ladies. If they like it, they won't forget you on election day."

"See that messy little guy chewing a cigar on the front platform? Cozy up to him real good. He can help us. He knows where half the political skeletons in town are buried."

"Promise 'em what you think they'd like to have, Jerry. After we win the election we can always think up reasons why we can't deliver."

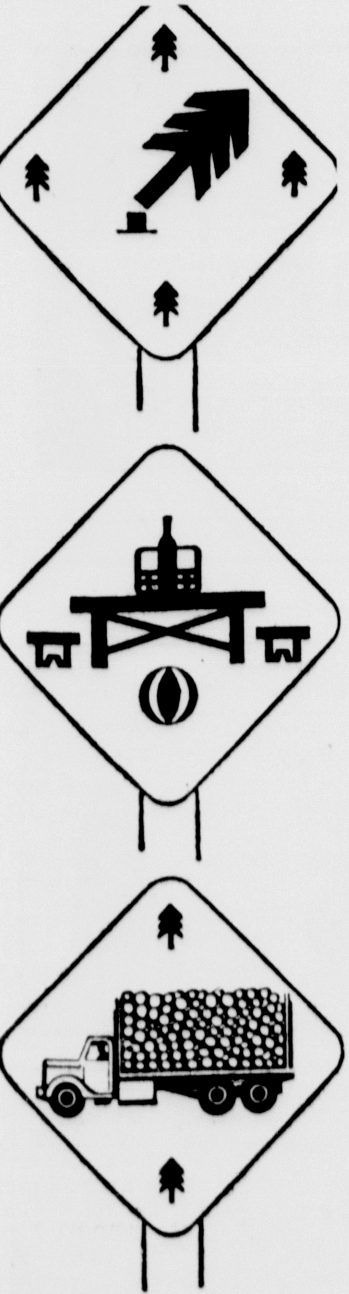

"Tell your wife to hide that fur stole. We're going through a poor district."

"It looks like this is a real intellectual audience. It doesn't make any difference what you advocate — just so you keep it on an international level, and make it sound real highbrow. If you know any big words, go ahead and use them."

"So that's our candidate. Well, all I can say is that if his brains match his ears, we've got a winner for sure."

**Death Corners To Get Skid-Proofing**  
DETROIT (AP) — The Highway Department announced Tuesday it will spend \$1 million on applying skid-proofing materials on high accident intersections next year.

H. H. Cooper, director of the department's traffic division, told a meeting of the State Safety Commission in Detroit that the program is aimed at helping eliminate hazards at dangerous intersections.

Michigan Leads In Interstate Highway Building

PORT HURON (AP) — Michigan is way ahead of the national average in opening its planned interstate highways to traffic, Federal Highway Administrator Rex M. Whitton said today.

"Of the 1,081 miles of interstate highway in your state,

about 775 miles, or more than 70 per cent, are open to traffic," Whitton said at the dedication of 7.5 miles of I 94 between Port Huron and Marysville.

"I wish every state were doing as well as Michigan," he added.

Nationally, Whitton said, about 17,600 miles of the planned 41,000-mile interstate freeway network are open to traffic.

The new section of I 94 ties the highway to the Blue Water Bridge between Port Huron and Sarnia, Ont., over the St. Clair River.

## Fail To Meet Blood Needs

"A miserable showing" of its interest in maintaining free blood supplies in Delta County was made in Escanaba the past two days at a blood procurement visit of the Badger Blood Bank, a spokesman reported.

The production of the two-day 10-hour procurement clinic was 135 pints of blood, only one-half of the quota. On Tuesday 83 pints were collected; on Wednesday only 52.

The Red Cross program for collecting and distributing blood for the benefit of Delta County residents is supported by a relatively few persons. Of the 83 persons who gave blood on Tuesday, 72 said they will donate again on Dec. 22 when the bloodmobile will return for a one-day visit to reduce the deficit in quota.

Residents of Delta County were advised they must consider the possibility that participation in the program could be cut off — and only those people who have donated would receive free blood and only until they were even with what they had donated.

The people of the county will have the opportunity to decide whether they are willing to support the program adequately, it was announced. Industries and organizations will be asked to set up a schedule of donations, with each person being asked whether he is willing to give and how often.

Emphasis will be placed on the responsibility of keeping appointments. Films, lectures and skits are available to groups wanting information programs. These may be obtained by contacting the Red Cross office.

The Red Cross program is open to suggestions for betterment of the program. One recent suggestion is that a nursery be set up, so that mothers could leave their children while they were donating blood. Such a nursery plan is

## Deanery Council Workshop Held In Menominee

HERMANSVILLE—Mrs. Edward LeMaide, president of St. Anne's Altar Society and Mrs. Gladys Conard were in Menominee Sunday where they attended the Fall Workshop of the Menominee Deanery Council of Catholic Women held in the Father Geynet Memorial

shop to be in operation by Dec. 22.

Delta County was 235 pints of blood behind going into the last visit of the bloodmobile, and with the additional deficit of 135 pints, the county is now a total of 470 pints short.

This shortage could not be collected in one five-hour clinic on Dec. 22, but 150 pints could be obtained with proper scheduling. Delta County has 18,864 persons of donor age (18-59) and of this total at least 85 per cent are estimated to be medically able to give—or a total of 16,933 available donors.

Delta County's quotas would be met if each one of these 16,033 persons gave one pint of blood only once every 11 years.

## Librarians At Weekend Meet

LANSING—More than 700 Michigan librarians, trustees and friends of libraries are meeting at the Jack Tar Hotel in Lansing for the 73rd annual conference of the Michigan Library Association, according to Mrs. Madelyn M. Bradford, director of the Van Buren County Library, Decatur, and MLA president. The conference opened on the 14th and runs through Saturday.

Featured speakers include: Dr. Ralph R. Shaw, dean of library activities, University of Hawaii; Henry T. Drennan, coordinator of public library services, U.S. Office of Education; Mrs. George Romney and Harry Golden, noted author.

Harry Courtwright, Escanaba Public Library director and Mary Croteau, Michigan State Library consultant, of Escanaba, are attending.

## Hospital

Chris Nelsen, 208 2nd Ave. S., was admitted to Bellin Memorial Hospital, Green Bay, Tuesday for eye surgery. His room is 151.

## \$50,000 Goal:

## Delta Charities Opens Campaign

The Delta United Charities today opened its campaign to raise \$50,000 to finance the operations of eight local health, charitable and welfare agencies in the year ahead.

Among the eight is the Delta County Chapter of the American Red Cross, whose activities include sponsorship of the Badger Blood Bank by which free blood is provided for every Delta County individual in need of such life-saving aid—in any hospital in the nation.

John Pearson, Delta United Charities director, said the emphasis (as in last year's successful DUC drive) will be on giving through the payroll deduction plan. There will be no house-to-house solicitation.

Norbert Murphy is campaign chairman and will also handle the special gifts; Dr. Robert Ryde, DUC director, will be in charge of the professional categories; the board of directors will be in charge of the industrial payroll deduction solicitation, as last year; and solicitation in all other areas will be by the eight DUC member agencies.

## Member Agencies

A. W. Freeman is president of the DUC board, George Douglas is vice president, Forrest Henslee treasurer, Howard Fontaine secretary, Leo Knauf, Lloyd Carlson, Morris Buckmiller and Dr. Ryde, directors. Bernard Cudahy, Marquette, Hiawathaland Council, Boy Scouts of America executive, will serve as the DUC promotional and publicity chairman.

Besides the Red Cross, the eight member agencies whose operations will be financed by DUC are the Boy Scouts, Girl Scouts, Camp Fire Girls, Bay Cliff Health Camp, Salvation Army, Child Guidance, and the School for Retarded Children.

As the collector and distributor of free blood to residents of Delta County, the Red Cross

has since 1955 performed this service as a member of the Badger Blood Bank.

## How It Works

The National Red Cross blood program was established in 1947 and the goal is to provide whole blood to hospitals in communities served by the program; blood for national emergencies as requested by appropriate authorities; blood derivatives to physicians and hospitals through state and territorial health departments and Red Cross regional blood centers; and blood raw materials to encourage research for new uses for blood products and the safe handling of blood.

There are four distinct phases to the program: 1-Collecting; 2-Processing; 3-Distributing; and 4-Research. Blood collected in Delta County from local donors is transported to the regional center of the Badger Blood Bank at Madison, where there are facilities for processing and

distributing the blood. From the center the blood is distributed to hospitals for the physician's use in the care of the sick and the injured.

## Part Of Drive

Only cost paid by the patient is the hospital's cost of administration. The blood itself is free.

The program has grown nationally to the point where it now collects more than 2½ million units of blood a year—over 40 per cent of the blood used in the U.S. In addition there is the distribution of large quantities of blood derivatives.

Delta County donors' annual contribution to this program through the Badger Blood Bank is 1,495 pints collected in four visits of the bloodmobile. The annual financial contribution to the blood program is made through the Red Cross, financed by the Delta United Charities drive.

## Delta Medical Society To Hear U-M Doctors

Two members of the University of Michigan School of Medicine faculty will speak Tuesday evening, Oct. 20, at the meeting of the Delta County Medical Society.

Coming to Escanaba as part of the Michigan Medical Society extra-mural educational program are J. Robert Wilson, MD, and William S. Smith, MD.

The meeting for physicians was arranged by George D. Maniaci, MD, Gladstone, program chairman.

Doctor Wilson will discuss "Medical Diseases and Pregnancy." He is chairman of the University of Michigan Department of Pediatrics and Communicable Diseases. Doctor Wilson received his MD degree from the Harvard Medical School and formerly taught at Wayne State University and the New York University.

Doctor Smith will discuss "Diagnostic Problems in Trauma of the Extremities." He joined the University of Michigan faculty in 1963 after teaching at Ohio State University College of Medicine, where he was director of the division of orthopaedic surgery. He has his MD degree from the University of Michigan.

This fall series of educational lectures, with different authorities, is offered by the Michigan State Medical Society at Escanaba, Manistique, Iron Mountain, Houghton, Ironwood, Marquette, Menominee, Sault Ste Marie and 10 communities in the Lower Peninsula.
